### VACATION WATCH

Will you be away for a week or more?

Sign up for Vacation Watch at no cost to you.

A trained Posse person will periodically check your home by walking around the property to make sure:

1. All doors and windows are locked and secure.
2. No newspapers or advertising are on the driveway or by the front door.
3. There is no property damage from storms.

A Sheriff's Deputy will be called for any problem requiring entry to your home. The Posse will try to notify those people on record.
